

For our fourth consecutive year, we would like to offer you the option to make your school supply shopping quick, easy and cost effective for the 2022–2023 school year by leaving it up to someone else! The Clearpoint Home and School Association has teamed up with Schoolkits.ca and School Start to provide this valuable service to our parents.

WHAT CAN YOU COUNT ON?

Buy only what you need

SchoolStart is a fantastic Canadian supplier based in Alberta that allows parents to shop for what exactly what ***only what we need***. Order your supplies early, late or just in the nick of time! **There's never a wrong time to order or top up your supplies!**

Want to do more?

If you're saving a few bucks on supplies this year and want to **pay it forward**, SchoolStart is offering you the opportunity to donate towards a kit for one of our families in need. Simply select an amount if you'd like to donate and add it to your kit. Your generosity can give a Clearpoint child in need the joy of starting the year with brand new, high quality supplies just like the rest of their classmates.
