It has been a great year at Clearpoint and a privilege for me to serve as Chair the Clearpoint Governing Board for the 2018 – 2019 school year. The staff and administration continue to amaze me with their commitment to the students and this school. It is truly a pleasure to hear about all the wonderful things that are happening in and outside of the classroom.

Home and School remains a strong and beautiful organization in our school by bringing our community together and by raising funds in new and creative ways. Without these events, or our volunteers, Clearpoint would not be the bright and warm environment it is today.

Finally, our daycare remains a safe and fun environment for our children outside of the classroom. They provide exciting and inspiring activities that connect with the IB attributes and method of learning established in Clearpoint.

“Alone, we can do so little; together, we can do so much” – Helen Keller
