

Sharing The Planet—GRADE 1

April 8—May 21

A Time To Change

Lines of Inquiry:

1. the characteristics of living things (Function)
2. the life cycles of living things (Change)
3. how living things impact their environment (Connection)

Attributes:

Balanced, Communicator and Caring

Skills:

Thinking, Communication, Social

Summative Assessment:

Students will choose a living thing and in groups of 2 or 3 will present its life cycle. This project will be developed during class time and it will be bilingual.

Transdisciplinary Theme:

An inquiry into rights and responsibilities in the struggle to share finite resources with other people and with other living things; communities and the relationships within and between them; access to equal opportunities; peace and conflict resolution.

Central idea: Every living thing has a life cycle.

As always, if you can contribute to our unit in any way, please contact us.
