

Sharing the Planet—Kindergarten

October– December, 2018

Hibernation, migration and adaptation

Lines of Inquiry:

- Influences of seasonal changes on animal behaviour.
- The patterns of animals
- The responsibilities of humans to protect animals in their environment

Attributes:

Inquirer, knowledgeable and thinker

Attitudes:

Respect and empathy

Skills:

Research and thinking

Key concepts: causation, connection and responsibility

Summative Assessment:

Each child will demonstrate knowledge of animal patterns with examples of one animal that follows these distinctive patterns.

Transdisciplinary Theme:

An inquiry into rights and responsibilities in the struggle to share finite resources with other people and living things.

Central idea: Animals follow instinctive patterns to live and survive on the planet.

As always, if you can contribute to our unit in any way, please contact us.
