Lines of Inquiry:

- What is a home
- Different types of homes
- Why and how homes are built

Attributes:

Inquirer and knowledgeable

Skills: thinking, research and communication

Key concepts:

Form, function and causation

Transdisciplinary Theme:

An inquiry into the interconnectedness of human-made systems and communities; the structure and function of organizations; societal decision-making; economic activities and their impact on humankind and the environment.

Central idea: Homes are influenced by many factors.

Summative Assessment:

Creating a bilingual book with their favourite home. They draw their house in a natural environment. They cut out the materials (wood, glass, cement and insulation etc.). They would have a page on where they would find this house. Who would live in this house. Draw a favourite room or an activity they like to do in this house. (tentative plan)
