

## CLEARPOINT PROGRAMME OF INQUIRY 2019-2020

	<b>WHO WE ARE</b>	<b>WHERE WE ARE IN PLACE &amp; TIME</b>	<b>HOW WE EXPRESS OURSELVES</b>	<b>HOW THE WORLD WORKS</b>	<b>HOW WE ORGANIZE OURSELVES</b>	<b>SHARING THE PLANET</b>
6	Sharing one another's spiritual heritage better enables us to see our interconnectedness.	In spite of changing times, Aboriginals continue to share culture & traditions through legends, music, art and dance.	Ideas can be expressed and understood through the combination of print and visual images.	Simple machines help our daily lives by reducing the amount of force needed to do work.	Societies govern in many ways to make a decision-making structure.	La consommation d'énergie a des conséquences multiples sur notre environnement.
5	People have rights and responsibilities as citizens of the world.	Historical structures can chronicle the life of a community.	Les oeuvres artistiques transmettent une gamme d'émotions variées qui affectent l'observation.	Forces of nature can have an impact on all things.	The political system of a society can mutually affect the lives of its citizens.	Biodiversity supports nature's health and balance.
4	Healthy choices build our bodies and minds.	Les grandes explorations ont contribué à la migration des peuples et au développement des sociétés.	Advances in communication change how we express ourselves and connect to one another.	The universe is governed by laws which maintain order.	Advertising uses a variety of techniques to inform, persuade and/or entertain.	Human activity produces waste, which needs to be managed to protect the environment.

3	Effective leaders capture their target audience in order to accomplish their goals.	Present day societies share common features with aboriginal cultures.	People communicate ideas and experiences through poetry and song.	The earth is a resource we use every day.	Money is used as a system of exchange in most parts of the world.	Les êtres vivants sont dépendants de leurs habitats naturels.
2	Through small actions, everyone can make a difference and be a hero.	Children's toys and games change over time.	People can express their individuality through different forms of art.	Les éléments naturels de notre planète ont une influence directe sur notre habitation.	Transportation systems are created to meet the needs of the people.	People and animals share common needs.
1	Our communities have an impact on our lives	Maps help people know where they are in the world.	We use stories to share our ideas, feelings and what is important to us.	The changing properties of water affect our daily lives.	The needs of a community are met through a variety of roles.	Every living thing has a life cycle.
K	Each person is unique.	Schools are learning communities that continue to change over time.	People express themselves through celebrations.	Changing seasons affect life on earth.	Il ya beaucoup de facteurs qui influencent la construction de maisons.	Animals follow instinctive patterns to live and survive on the planet.
