

Sharing The Planet—Cycle 1

March 28-May 9

Transdisciplinary Theme:

An inquiry into rights and responsibilities in the struggle to share finite resources with other people and with other living things; communities and the relationships within and between them; access to equal opportunities; peace and conflict resolution.

Central idea: Every living thing has a life cycle.

Lines of Inquiry:

The characteristics of living things (Form)

The life cycles of living things (Change)

How living things impact their environment (Connection)

Attributes:

Principled & Communicator

Skills:

Thinking & Communication

Summative Assessment:

Students will choose a living thing and in groups of 2 or 3 will present its life cycle.

This project will be developed during class time. It will be a bilingual project.

As always, if you can contribute to our unit in any way, please contact us.
