

What involves googly eyes, spiders, and a whole lot of paint and glue?  
Why, the K4 Pumpkin Decorating Activity, of course!  
A big thank you to all the K4 parents and family members who came to participate.  
Thank you to the K4 teachers for organizing this annual activity!

### STUDENTS TAKING ACTION!

This week, we are excited to recognize Luca Martineau (Grade 3) for his remarkable initiative in supporting the Montreal Children's Hospital. Luca has been collecting cans to raise money, motivated by his desire to make a difference in his community and improve the lives of those who rely on the hospital's services. He came up with this thoughtful idea entirely on his own, demonstrating not only his caring nature, but also his ability to think creatively about how he can contribute to positive change. Luca reports that he has been doing this since he was 5 years old! Great job, Luca!

Click on the link above to read more about this action and how Cycle I students invited parents and family members to share about their professions and how their roles contribute to the broader community.

## YOUR PHYS ED CORNER
