At Clearpoint, we believe that taking action—big or small—makes a difference in our world. As an IB-PYP school, we encourage our students and families to demonstrate agency by engaging in meaningful actions that contribute to their communities. Has your child done something to help others, support the environment, or make a positive impact? We'd love to celebrate their efforts in our weekly family newsletter! Whether it's donating to a local cause, participating in a fundraiser, cleaning up a park, helping a neighbor, or standing up for what's right, every action counts. Please share your child's action with us by filling out **this form**. Let's inspire our community by highlighting the many ways Clearpoint families are making a difference!

**Please also check out this week's newsletter that highlights an exciting project by class 603, who worked in teams to research and recreate structures from Expo 67.**
