IB NEWSLETTER

This week we are celebrating Sebastian Pinto (gr. 2), who demonstrated the IB Learner Profile attributes of being reflective, principled, and caring. During our school assembly, Sebastian listened attentively as the grade 4 Environment Club shared their passion for protecting the planet and offered practical ways we can all take action. Inspired by their message, Sebastian immediately applied his learning during recess by independently collecting trash scattered across the schoolyard. His thoughtful actions showed a deep sense of responsibility and a commitment to taking meaningful action—key elements of the PYP. Thank you, Sebastian, for being an agent of change and reminding us that even the youngest learners can make a big difference!

Please check out this week’s newsletter for more details about our IB assembly that we had last Friday!
