

TAKING ACTION TO MAKE OUR WORLD A BETTER PLACE

At Clearpoint Elementary IB World School, we encourage our students to apply what they have learned in school towards community and global initiatives in order to make the world a better place. The students demonstrate this by sharing their ideas with the staff and school community and thus appropriate support for these projects are provided.

We have learned over the years, that action doesn't have to happen at the end of a unit. It happens as a result of learning when they are ready to apply it, even in small ways. Action can be everyday events such as random acts of kindness both at school and at home (examples: helping rake a neighbour's leaves, picking up and disposing of garbage, carrying in and putting away groceries etc.) or it can be a larger event, supporting a particular institution or responding to a world disaster. These actions ask for nothing in return.

We would like to acknowledge all of our students' initiatives to take action. If your child has taken action in any small or large way please download the action log form below and fill it out with your child. We will recognize this action by putting an action leaf on the tree at the entrance to the school.

Action Log

Student's name: _____

Teacher's name: _____

Date: _____

Grade: _____

Parent/Guardian signature: _____

<p><u>Preparation:</u></p> <p>Identify the need</p>	<hr/> <hr/> <hr/> <hr/>
<p><u>Action:</u></p> <p>Describe the action taken to address the need</p> <p>Hours: _____</p>	<hr/> <hr/> <hr/> <hr/>
